No problem. The first three weeks of May are mostly open for me right now. Does May 3,4,5,8,10,11,15,17,18, or 19 work. I could probably arrange to also be available on the 2, 9, or 16 if necessary.

Hi Malenna, I was hoping that Erin Seyfried from our unit who I'm working with on the hatchery's permit could also come, but April 25 doesn't work for her. Can we reschedule to May? If you send me some dates that work for you, I'll check our schedules here. We also have a FOIA that came in from CELP which I need to get out in the next couple of weeks, so that will give me some time to wrap that up.

Thanks,

Jenny
